PUSHBUTTON STATIONS *danielle*

Pushbutton stations type “Danielle” are the easy solution for the modernisation works problem. They are pushbutton stations for the floors, exclusive in stainless steel. They have one, two, three or four holes only for BF(F30) series buttons or indicators. The dimensions of the panels are certain: 220X70mm and 250X90mm. All the panels includes the materials needed (screws, washers etc) to be fixed on the wall.
